Information about REACH rule

Ladies and Gentlemen,

The CE rule number 1907/2006 about the registration, evaluation, authorization and limitation of the chemical substances (REACH) applies since June 1st 2007.

Starting June 1st 2008 the chemical substances can be also pre-registered.

We can grant you that the chemical substances contained in our articles will be pre-registered.

We have already made the necessary actions with our suppliers in order to realize the a.m. pre-registration.

Our products do not contain substances which must be authorized according to the enclosure 1 (REACH).

Our Coordinator Mr. François Rappo is at your disposal for further information or explanations you might need.

Kindest Regards,

ZWAHLEN & MAYR S.A.

François Rappo
QSE Manager
